Vice-President, Accepting Renomination, Sails Into Roosevelt and Defends Taft.

HITS AT WILSON, TOO.

Shows Signs of Recent Sickness, but Gives Talk Against "Our Two Opponents."

UTICA, N. T., Aug. M .- Although the day was cloudy and cool, Utica got an early start after a carnival night, and devoted itself to-day to the notification of James S. Sherman of his nomination to the Vice Presidency by the Republican party. The early trains and trolleys brought large numbers of pecple to the city for the event has been prepared with an idea of making it a holiday for the central and northern parts of the State.

About twenty members of the Committee of Notification were present, headed by United States Senator George Sutherland of Utah, the Chairman. They were escorted to the Sherman residence on Genesee street by citizens, massed in different organizations and headed by bands and military companies. The parade was an imposing one, moving through streets gayly decorated and lined with throngs of people.

At the Sherman residence Mr. Sherman met the committee and was later escorted to Roscoe Conkling Park, where a large stand had been erected and where the speaking took place. Mr. Sherman has been ill for some

weeks, but has been steadily improv-ing for the last fortnight. He did not look in his usual rosy condition, but was quite fit for the demands of the day. Senator Sutherland delivered the speech, notifying Vice-President Sherman of his nomination, and Mr. Sherman responded in part as follows:
"Gentlemen of the committee, this

mmunity appreciates the honor of this visit by your distinguished membership. You bear the commission of the convention which, representing them, met in Chicago in June. That convention declared anew our fidelity to the historic Republican party, our purpose to carry forward the work it has so well done, and to promote further the prosperity and progress of the United States." OBLIVION AWAITS ROOSE-VELT'S NEW PARTY.

"The annals of American parties do not record the proceedings of a political gathering conducted with more openness, fairness, deliberation, sobriety and worthy purpose than that for which you speak. This assemblage will gladly concede the fact that other procedure were impossible in a body presided over by Oneida's native son, Eithu Root.

"Not deceived by the clamor of those who attempted to belster up claims without basis, by hundreds of contests resting on a foundation so flimsy that in the light of investigation, most of them melted away like snow in a furnace heat and were rejected by quite or nearly a unanimous vote, the convention adopted a platform that rings true for patriotism and constitutional government and worthfly bestowed a renom-

"Fortunate are we. Republicans, in the fact that our opponents are divided into two camps, rivalling each other in their efforts to excel in disturbing the civic and economic order of the country. The new party thrusts itself forward into the vacuum left by the phantoms of other third parties which have passed into oblivion. Oblivion, awalts it.

"The Democratic party in the nation has many times defeated its Republicas rival in August; but twice has it done so in November.

"The Democratic rallying cry has always been a 'tartif for revenue only' and the bitterest assault on the policy of protection to American industry. This year sees no innovation. The Democratic candidate, Dr. Wilson, is Bryan and Parker over again without the oratory of the one or the legal training of the other, but with the free-trade prejudices of both seemingly intensified. It is not unkind to discern that Dr. Wilson is a pedagogue, not a statesman and his mode of thought academic rather than practical.

"For the first time in the memory of my oldest hearer, the country witnessed a convention held in Chicago two weeks since, in which there was no roll call of delegates, no ballots cast; where red bendannas were proferred to the Stars and Stripes, where the scene was sceriet red, white and blue, the symbol of

Mr. Sherman then went on with a defense of the Aidrich law and also Presented that Tatt's vetoes of the Democratic tariff bills anaeted during the present season of Congress.

"The crime of this 'new age,'" continued Mr. Sherman, "is fremzied speech and action; lack of thought, a spurning of deliberation and of the weighing of consequences. Fakirs with projects to 'get rich quick' draw gaping crowds. Mad haste is the pastime of the multitude. The Third Term party and Candidate Wilson urge the country to disaster and ruin.

"We warn the electorate not to be drowned by a Niagara of denunciation and abuse.
